What are the three (3) most important issues that you feel ABR should address in the next 2 years?

I think it would be important to explore how to get more youth involved with alpacas and ABR.

What particular skill sets would you bring to the ABR BOD?

Previously I was a project manager responsible for multiple design/building projects simultaneously. There are many moving pieces and among my responsibilities I was required to coordinate 5-10 consultants for each project to ensure that project deadlines were met and the projects were on time and on budget.
